

Exhibition in Shop Design 2016

Lumiotec Inc. (President: Mr. Joji Suzuki, Head Office: Yonezawa, Yamagata Pref.) makes an exhibition in "Shop Design 2016" at Tokyo Big Sight.

This is a professional exhibition for people who engaged in creating facilities such as stores, hotels and schools, and will be held at East Hall in Tokyo Big Sight from Oct. 26 to 28, 2016.

Our booth number is "5-E07", and we exhibit the latest model "P09 series" and "P11 series", both with 250lm (front brightness is 5,000cd/m²). We announce the potential of OLED lighting to all visitors.

We would like to spread our OLED lighting and achieve much business through this pro-user exhibition. Please watch and touch our OLED lighting, and you may get some useful information or innovative idea.

We are looking forward to your visit.
